

Bead Chain®
Since 1914

BEAD CHAIN® SOLUTIONS

- Endless Loops
- Pre-cut Lengths of Chain
- Chain Assemblies
- Specialty Colored & Plated Chain
- Special Spools
- Special Packaging

In addition to spool chain, we can quickly provide tangle-free cut lengths of chain, with or without pendants. We can also supply endless loops of any size. Let us do the work for you. We'll deliver your Bead Chain® ready to use, straight out of the box. Of course, hand tools are also available if you prefer to do your own assembly work.

BEAD CHAIN® PRODUCTS

- Endless Loop Chain
- Spool Chain
- Accessories

At Bead Chain®, we know what it takes to help our customers stay competitive. We provide you with the highest quality and best value products on the market. Rely on the original Bead Chain® brand for excellent appearance and performance. Bead Chain® stocks many different sizes, materials, and finishes for all your window treatment requirements and can ship most orders the next day.

ENDLESS LOOP CHAIN

Competitively priced pre-assembled endless loops make your business a little simpler. That's why window treatment manufacturers and hardware distributors around the world choose Bead Chain® endless loops. We stock many different lengths, sizes, materials, and finishes in the USA for all your window treatment requirements. International and large quantity orders can also be shipped directly from the manufacturing point in South Korea.

SPOOL CHAIN

Bead Chain® provides high quality, competitively priced, spool chain for the window treatment industry. We stock a wide variety of sizes, materials, bead counts and finishes in the USA for all your requirements. International and large quantity orders can also be shipped directly from the manufacturing point in South Korea.

ACCESSORIES

We also provide all the Bead Chain® attachments and accessories you need. We maintain a large inventory of attachments and accessories in the USA for every application. Our friendly and knowledgeable customer service team can assist you with all your chain and accessory requirements.

- Type "A" & "D" Couplings
- Splicing Links
